Summary

I completed the Higher Diploma at HKQF Level 4 at CUSCS in 2014. I have been in sales for a few years. Starting from 2022, I will wholeheartedly pursue a career in the information technology industry. I have been working as an IT Support position since 2022.

In 2023, I completed the course of a Certificate in Creative Digital Media Design and Production Assistant Training, and a Certificate in Web Development Training. I would like to apply the latest media and computing technologies in the creation of digital media.

As a short-term goal, I would like to further develop my technical skills through work. Looking ahead, my long-term goal is to become a developer.

Technical Skills

Understand and can use 3D and 2D software, like Blender.
Proficiency in open-source software, such as Libre Office, Inkscape, Kurta, GIMP, Open Shot, etc.
Knowledge in React JS, JavaScript, HTML and CSS programming language.
Frequent user of Microsoft Office programs.

Technical Project
